LinkedIn Profile

BCA graduate from Calicut University with hands-on experience building full-stack web apps using the MERN stack, React.js, and Next.js. Completed multiple internships across web development and cyber security, including a MERN + Next.js internship at Limenzy Technology. Passionate about clean code, REST API design, and delivering high-performance, user-friendly digital products.

TECHNICAL SKILLS

Frontend	React.js · Next.js · HTML5 · CSS3 · JavaScript (ES6+) · Tailwind CSS · Bootstrap
Backend	Node.js · Express.js · REST APIs · JWT Authentication · Stripe Integration
Database	MongoDB · MySQL
Tools	Git · GitHub · Postman · VS Code · MongoDB Compass · SQLyog

EXPERIENCE

Limenzy Technology — MERN + Next.js Intern (Completed) *2025*

Building React/Next.js components & integrating REST APIs

- Improved application performance by 30% through optimized rendering and clean state management.
- Delivered responsive web solutions collaborating with cross-functional teams ahead of deadlines.

ICT Technology, Cyber Park — MERN Stack Intern *6 Months*

6-month full-stack internship; built 2 mini-projects + Blood Donor web application

- Gained deep hands-on experience across MongoDB, Express.js, React.js, and Node.js.

Regional Center — Django Intern *Short-term*

Backend development using Django & Python for data-driven web applications

Red Team Hacker Academy — Cyber Security Intern *Short-term*

Vulnerability assessment, ethical hacking, and penetration testing fundamentals

PROJECTS

- **eduClass — Online Learning Platform**
  Full-stack e-learning platform built with the MERN stack featuring free & paid courses, JWT-secured student and instructor dashboards, Stripe payment integration, lecture video management, progress tracking, OTP-based password reset, and an admin panel for course approvals. Supports role-based access for students, instructors, and admins.

- **Book App**
  Developed a full-stack e-commerce application using MERN with Stripe payment integration and JWT authentication, ensuring secure transactions and responsive UI across devices.
  Link: https://book-app-frontend-nine-tau.vercel.app/
- **Defence & Security Platform**
  Professional React.js & Tailwind CSS frontend for a defence domain client.
  Link: https://defence-security.vercel.app/
- **Product Selling App**
  React app with full CRUD operations and dynamic API data fetching.
  Link: https://react-project-two-pink.vercel.app/
- **Blood Donor CRUD**
  Full-stack donor management system built during ICT internship.
